7. [] LIAISON Called Nanette Blandin, OMB, re S. 3664. She talked to the people in Legislative Reference and said the Administration is opposed to S. 3664 and they are trying to get S. 3741 resubstituted. However, she said the general impression of OMB is that there is a fighting chance that S. 3664 could move ahead and be passed. They are talking about Presidential veto -- but are not sure that will happen. Commerce Department will be testifying on the bill this Tuesday and will oppose the bill and recommend the Administration bill pass instead. I told her we are sending her a suggested change in S. 3664 in case that is the one that goes. I asked her to let me know her reaction to it.

8. [] LIAISON I met with Bill Miller, Staff Director, Senate Select Committee on Intelligence, and briefed him on the background of the green book affair. He said he would pass the information on to Chairman Daniel K. Inouye (D., Hawaii) and let us know if there were any more requests.

25X1

9. [] LIAISON I called Ed Kenney, on the staff of Senator Strom Thurmond (R., S. Car.), and asked him if he would ask the Senator to postpone his request [] until a more opportune time. I mentioned that we had received a letter from Senator James O. Eastland (D., Miss.), Chairman of the Subcommittee on Internal Security, Senate Judiciary Committee, along the same lines and that we were making a similar response to the Chairman. I gave Kenney additional background on meetings of this type. He said the Senator would probably defer to the Director's judgment on this matter.

19. [REDACTED] HEARING Together with [REDACTED] OLC, conducted a preliminary inspection of Room 210 Cannon Office Building, where the Director will appear in executive session on 29 September before the House Select Committee on Drug Abuse and Control. 25X1

20. [REDACTED] LIAISON Met with Elliot Maxwell, Senate Select Committee on Intelligence staff, and left with him the latest Agency draft of the Memorandum of Understanding. He said he would look it over and let me know and hopes to have his reactions to the Agency's comments on the Non-disclosure Agreement to me by early next week.

21. [REDACTED] PLC) LEGISLATION Called Jim Oliver, 25X1
OMB, and discussed the Agency's report to OMB when H.R. 13615, to amend CIARDS, passes the Congress. He suggested a short response since 25X1
the legislation has been gone over fully by OMB. I also discussed the budget aspects with [REDACTED] Office of Comptroller, since CIARDS has been budgeted for the FY 1978 budget request to OMB, subject to enactment of H.R. 13615.

9. [REDACTED] LIAISON Col. Stephen Harrick, DOD, called at the request of Tom Latimer, DOD, on the draft legislation on use of funds that they had provided Frank Slatinshek, Chief Counsel, House Armed Services Committee, saying that Robert Ellsworth, Deputy Secretary of Defense, was going up to see Chairman Daniel Inouye, Senate Select Committee on Intelligence, this afternoon and that this subject may come up. I told Col. Harrick that I had not really come to a conclusion but we were inclined to agree with Slatinshek that if there was a need for this it should be through the Director. I asked Col. Harrick if he knew if DOD needed this kind of authority or can the funds be appropriated to other accounts. Col. Harrick said he did not know but could check. DOD said that what they are trying to do is get away from the current way they do things and another way might be to have the line items and not worry about the transfers.

We then discussed the colloquy in the Congressional Record on the Defense Appropriations bill between Senator John McClellan (D., Ark.) and Senator Walter Huddleston (D., Ky.).

3. [] LIAISON I called Mr. Ronald Kienlen, STAT
Office of General Counsel, OMB, to inform him that the material on
the draft Executive Order ("Suitability Requirements for Government
Employment") was completed as promised, but since Mr. Knoche, DDCI,
who should see it before it is transmitted to OMB, was out of town until
tomorrow, it would not be possible to forward it to OMB before Monday,
20 September. Kienlen said this would be fine although he was holding STAT
up further action on the draft Executive Order until he received our
input.

4. [] LIAISON Donna, in the office of
Representative Paul Findley (R., Ill.), called and asked what the motto
of the Agency was. She said a constituent was giving a speech and wanted STAT
to know. I told her that I was not aware of an Agency motto but would
check and be back in touch with her.

5. [] LIAISON Arranged with Kathy Prosser,
personal secretary to Senator John Glenn (D., Ohio) to have materials STAT
delivered to her for the Senator's attention relating to his upcoming trip
to China. Bob Kelso subsequently delivered the materials. STAT

6. [] LIAISON Called Bill Miller, Staff Director,
Senate Select Committee on Intelligence, and scheduled a meeting for him
with [] OCI, and Evan Hineman, D/OWI, regarding the
13 September Aviation Week and Space Technology article on the BACKFIRE
bomber. We will meet on 22 September at 2:30 p.m., and I will give Miller
a copy of the article and the Director's letter to the editor prior to the meeting.

7. [] LIAISON Jason Cook, in the office of STAT
Representative Gus Yatron (D., Pa.), called and requested some general
information on the political situation in Greece by COB today. [] STAT
[] OCI, provided us with the information requested, which was STAT
handcarried to the Congressman's office.

8. [] INTELLIGENCE BRIEFING Herman Statts, STAT
of the House Republican Conference, called and requested a briefing on the
Polish economic situation sometime on the 28th or 29th of September. []
[] OCI, has been advised.

28. [REDACTED] LIAISON I called Jerry Julius, STAT
OMB, and requested clarification of the scope of the effect of the Udall amend-
ment in the Legislative Branch Appropriation Act to freeze EP salaries at
EP-5 level as of 30 September 1976. He said that the freeze would apply
only to those positions which come under Section 225(f) of Title 5 and
that our EP positions may not be covered. He suggested that our General
Counsel review the amendment for a legal opinion since he is not a lawyer.

8. [REDACTED] LIAISON Called Rick Inderfurth, Senate Select Committee on Intelligence staff, concerning his request on two articles that appeared in the Washington Post, "Iran's Police Seek Killers of Americans," (30 August 1976) and "To Improve Security in Iran," (31 August 1976) and told him that there was nothing new in the articles.

25X1

We also discussed some of the topics Senator Gary Hart (D., Colo.) would be interested in when he comes to the Agency for his briefing prior to his trip abroad in mid-October.

25X1

10. [REDACTED] LEGISLATION Spoke with Nanette Blandin, OMB, regarding strategy for approaching the House of Representatives to make known our concerns over provisions in H.R. 15481 (S. 3664), a bill to amend the reporting requirements of the Securities and Exchange Act of 1934 and to prohibit foreign bribes. Ms. Blandin stated that the legislative reference people at OMB were concerned lest any action on our part to amend the bill be construed as support for the legislation, since the Administration apparently is opposed to the bill. Ms. Blandin suggested that we check with Commerce and State Departments regarding the amendatory language we had prepared, but that at this point, any approach to the Congress be kept "informal."

25X1

11. [REDACTED] LEGISLATION Spoke with J. T. Smith, General Counsel, Department of Commerce, on S. 3664, a bill to amend the reporting requirements of the Securities and Exchange Act of 1934, and provided him with some suggested language for possible insertion in the bill.

18. [] LIAISON Called Bill Ashworth, on the staff of the Subcommittee on Arms Control, International Organizations and Security Agreements, Senate Foreign Relations Committee, to advise him that we had received from Alderson Reporting Firm the completed transcript of Mr. Bush's testimony before the Subcommittee on 22 September. He said the Subcommittee did not need it now and that we should just keep it on call for them. I made arrangements for [] OSI, to review the transcript for editorial corrections. [] OCI, will take care of the follow-up items.
